

Phish – Wading In The Velvet Sea

I (G) took a moment from my (D) day
and wrapped it up in things you (Em) say
And mailed it off to your add(C)ress
you'll get it (D) someday soon unless (G)

(G) The packaging begins to (D) break
and all the points I tried to (Em) make
Are tossed with thoughts into a (C) room
my time leaks (D) out, my life leaks (G) in

Sing Higher:

(G) You won't find moments in a (D) box
and someone else will set your (Em) clocks
I took a moment from my (C) day
and wrapped it (D) up in things you (G) say
And mailed it off to you...
